# ABOUT THE COMPETITION

The 1st RGNUL Corporate Liquidation Process Competition (“Mock Liquidation Competition”) is designed to simulate the end-to-end corporate liquidation framework under the Insolvency and Bankruptcy Code, 2016. Each team, comprising two members jointly acting as a single Liquidator, is required to submit two written reports based on a factual proposition: a Preliminary Report, outlining the capital structure, asset–liability estimates, proposed inquiries, and liquidation strategy as per Regulation 13, and a Progress Report, detailing quarterly developments, stakeholder settlement, asset realisation, distributions, expenses, litigation updates, and avoidance proceedings in line with Regulations 15. These reports mirror real statutory compliance obligations, ensuring that participants gain practical insight into the responsibilities and decision-making expected of a Liquidator.

Following the valuation of submissions, teams proceed to the Mock Proceedings, where both participants continue acting jointly as the Liquidator. The first oral phase is an online Mock Stakeholders’ Consultation Committee (SCC) meeting, in which teams must defend their valuation choices, claim treatment, liquidation strategy, and commercial reasoning before an SCC-style panel. The second phase is an in-person Mock NCLT Hearing on the RGNUL campus, conducted after the release of an Asset Distribution Plan. Here, one team argues as the Liquidator while the opposing team acts as an Objecting Stakeholder, presenting arguments on the statutory waterfall, claim priority, valuation, fairness, and procedural compliance.

# STAGES OF COMPETITION

The Competition will be conducted in 2 Phases:

## STAGE 1 – WRITTEN SUBMISSIONS

Teams (acting jointly as Liquidators) will submit two documents based on the factual proposition:

A **Preliminary Report** and a **Progress Report**, mirroring real requirements under the IBBI (Liquidation Process) Regulations. This round tests the team's understanding of liquidation workflows, statutory compliance, and strategic decision-making at the documentation stage.

## STAGE 2- MOCK PROCEEDINGS

The top teams will proceed to an interactive oral phase consisting of two proceedings: a **Mock Stakeholders' Consultation Committee Meeting**, followed by a **Mock NCLT Hearing**. This round assesses advocacy skills, practical reasoning, stakeholder management, and the ability to defend liquidation decisions under scrutiny.
